

# PRO SERIES

Distributed by:

Designed for the waterstop pro! Our Pro Series Waterstop Splicing Iron is manufactured with only the highest quality components, including: sealed incoloy element, ergonomic vinyl grip, built-in thermometer, temperature control knob, UL and CSA approved power cord, and a nonstick Teflon® coating

The Pro Series Iron works great with our patented ST-10® Waterstop Splicing Table.

that doesn't require Peel and Stick Teflon® covers. The Pro Series is designed to work equally well with all thermoplastic waterstops including PVC, TPER, and LDPE.

- 100% factory tested
- Maintains consistent temperature

120 volt (part #12416)  
230 volt (part #12417)  
Size: 4" x 3/4" x 14"  
Weight: 8 lbs.
